

## ERIS 5W 30

### BESCHREIBUNG:

ERIS is high performance engine lubricant fluid formulated from a fully synthetic base and strictly selected additives in order to grant maximum engine performance.

The choice of fully synthetic base PAO (poly-alfa-olefine) provides outstanding thermal stability and oxidation resistance, as well as exceptional lubrication characteristics which assure friction reduction and consequently fuel consumption containment (fuel economy).

Thanks to its particular formulation ERIS 5W30 provides maximum performance over a wide working temperature range and prolonged oil change interval.

Particular low SAPS additives (low ashes, low sulphur and low phosphorus content) assures perfect engine and catalyst system cleanliness and outstanding lubrication properties of ERIS contribute to significant mechanical parts wear reduction.

### ANWENDUNGEN:

ERIS is high performance engine oil particularly formulated for DIESEL engines with catalyst and/or diesel particulate filter (DPF).  
ERIS is likewise indicated for dated vehicle fleets where SAE 5W30 oil is prescribed.
