

BIZOL Technology

OUTSTANDING FUEL SAVING FORMULA FOR MODERN CARS

BIZOL Technology 5W-30 C4 is a high-grade motor oil based on the most recent low SAPS technology, which has been especially tailored to suit the requirements of modern final exhaust gas treatment systems. It has been specifically developed for Renault's latest generation of diesel engine cars. It therefore ensures maximum service life of the diesel particle filter, as well as low wear, clean engine operation and long oil change intervals.

BENEFITS

- developed specially for most cars with PSA engines
- optimum protection of the diesel particulate filter against deposits
- increased oil change intervals are possible

SPECIFICATIONS

ACEA C1 / C4

APPROVALS / RECOMMENDATIONS

MERCEDES BENZ
