

# SYNTIUM 1000 Cod. 1816

## DESCRIPTION

The experience gathered by Petronas on the F1 circuits and in the most important motoring events and competitions has enabled the development of Syntium: A range of hi-tech lubricants capable of meeting the needs of new generation engines.

Syntium 1000 is a top quality lubricant formulated with modern technologies developed for Formula One.

## CHARACTERISTICS

Syntium 1000 represents a remarkable stride ahead compared with conventional 10W-40 lubricants on the market. Owing to its totally renewed formulation it can offer:

- | Excellent stability at high temperatures, which keeps the functional characteristics of the lubricant unchanged over time;
- | Unrivalled protection of all the engine components subjected to lubrication, even in extreme driving conditions;
- | Optimisation of engine performance at all speeds, resulting in fuel saving;
- | Compatibility with a highly comprehensive range of engines;
- | Reduction of oil consumption.

## ADVICE ON USE

Syntium 1000 has been formulated to meet the needs of a very wide range of petrol and diesel engines of any brand and Manufacturer.

## TECHNICAL DATA

SAE 10W-40, API SN/CF, ACEA A3/B4,  
MB-Approval 229.1, VW 501.01-505.00,  
RENAULT RN0700
